

## Unitec New Zealand

### Testimonials for Grow Marketing

“Just in case no else has, I must give you some feedback regarding Anita Fleming's role in the Pandemic Planning group.

“She has been simply spectacular. For me (and I think the rest of the group) she has turned what seemed an impossible task into something which we all now see as achievable.

“Her charts and graphs have pulled the whole thing together in a way that lets us see the overall picture and at the same time our particular part in that picture.

Regards

Fay Hester
